## SECTION 1 – INTRODUCTION

This directory provides a list of HealthSun Health Plan’s plan providers. It also includes basic information about how to get your covered services with HealthSun Health Plans. To get more detail information about your health care coverage, please see your Evidence of Coverage.

You will have to choose one of our plan providers that are listed in this directory to be your **Primary Care Physician (Physician/Provider) (PCP)**. The term “PCP” will be used throughout this directory. Generally you must get your health care coverage from your PCP.

The “plan providers” listed in this directory have agreed to provide you with your health care coverage. In most cases, your health care coverage is covered under HealthSun Health Plans. You may go to any of our plan providers listed in this directory; however some services may require a referral. If you have been going to one plan provider, you are not required to continue going to that same provider. In some cases, you may get covered services from non-plan providers.

### What is the service area for HealthSun Health Plans?

MIAMI DADE COUNTY:	SUNPLUS ADVANTAGE PLAN 01
MIAMI DADE COUNTY:	HEALTHY ADVANTAGE PLAN 05
BROWARD COUNTY:	SUNPLUS ADVANTAGE PLAN 02

### How do you find HealthSun Health Plans providers in your area?

Plan Providers are listed by Specialty. You can also visit [www.HealthSun.com](http://www.HealthSun.com) or call our Member Service Department at (305) 234-9292, Monday through Fridays from 8:30am to 5:30pm. TTY users should call 877-206-0500.

### What if you use non-plan providers to get covered services?

**“Non-plan providers” are providers that are not part of HealthSun Health Plans.** If you use non-plan providers, you may have to pay more.

Care or services you get from non-plan providers will not be covered, except for ambulance services, emergency care, including post-stabilization care, urgently needed care, renal dialysis (kidney), and any services which were ordered covered through an appeals process.

Medicare requires that we have enough in-network plan providers to give you covered services that are medically necessary.

You may use non-plan providers to get your covered services. Although, your out-of-pocket costs may be higher than if you use our plan providers. For emergency care, including post stabilization care, and urgently needed care, your out-of pocket costs will be the same both in and out-of- network. For cost sharing information see your Evidence of Coverage.

There are special rules for out-of-network services. Certain services that we offer are not covered out-of-network. Also, you do not need to get a referral or prior authorization when you get out-of-network care from non-plan providers. However, before getting an out-of-network service, you may want to check with HealthSun Health Plans to see if the services you are getting are covered by HealthSun Health Plans and are medically necessary. Although you do not need to get prior authorization for certain out-of-network services, some plans may offer a lower costs if you choose to get prior authorization. For more information, see your Evidence of Coverage.

### **What should you do if you have bills from non-plan providers that you think should be paid by HealthSun Health Plans?**

We cover certain health care services that you get from non-plan providers. These include care for a medical emergency, urgently needed care, renal dialysis (kidney) that you get when you are outside the plan's service area, care that has been approved in advance by HealthSun Health Plans, and any services which were ordered covered through an appeals process. If a non-plan provider asks you to pay for covered services you get in these situations, please contact us at HEALTHSUN HEALTH PLANS, 1205 SW 37<sup>TH</sup> AVENUE, MIAMI, FLORIDA 33135. You should never pay any non-plan provider more than what the provider is allowed by Medicare. The provider has a right to get his/her fees, but does not have a right to get them from you. Ask the non-plan provider to bill us first. If you have already paid for the covered services, we will reimburse you for our share of the cost. If you get a bill for the services, you can send the bill to us for payment. We will pay your non-plan provider for our share of the bill and will let you know what, if anything, you must pay.

### **Getting care when traveling or away from the plan's service area**

If you need care when you are outside the service area, your health care coverage is limited. The only services we cover when you are outside our service area are care for a medical emergency, including post-stabilization care, urgently needed care, renal dialysis (kidney), and care that HealthSun Health Plans or a plan provider has approved in advance. For more information about medical emergency and urgently needed care, see [Section 6](#). If you have questioned whether a service is covered when you travel, please call Member Services at (305) 234-9292.

### **Can the list of plan providers change?**

Yes, HealthSun may add or remove plan providers from our provider directory. To get current information about HealthSun plan providers in your area, you can visit [www.Health-Sun.com](http://www.Health-Sun.com) or call our Member Service Department at (305) 234-9292, Monday through Fridays from 8:30am to 5:30pm. TTY users should call (877) 206-0500.

### **Your rights to access and participate in medical care**

You have the right to get timely access to plan providers and to all services covered by the plan. Timely access means that you can get appointments and services within a reasonable period of time. You have the right to get full information from your providers when you go for medical care. You have the right to participate fully in decisions about your health care. You have the right to refuse care.

## **SECTION 2 – CHOOSING YOUR PRIMARY CARE PROVIDER (PCP)**

### **What is a “PCP”?**

When you become a member of HealthSun Health Plans, you must choose a plan provider to be your PCP. Your PCP is a physician who meets state requirements and is trained to give you basic medical care. You will get your routine or basic care from your PCP. Your PCP can also coordinate the rest of the covered services you need. In most cases, you must see your PCP to get a referral before you see any other health care provider.

### **How do you choose a PCP?**

As a member of HealthSun Health Plans, you must choose a plan provider to be your PCP. Your PCP is a physician who meets state requirements and is trained to give you basic medical care. You will get your routine or basic care from your PCP. Your PCP will also coordinate the rest of the covered services you get as a plan member. In order to see a specialist you usually need to get your PCP’s approval first (this is called getting a “referral” to a specialist). If you want to use a particular HealthSun Health Plans specialist or hospital, you should check with your PCP to make sure they can make referrals to that specialist or hospital. The name and office telephone number of your PCP is printed on your membership card.

This directory is provided to assist you in the selection of your PCP. If you need assistance in selecting your PCP please call our Member Services department at (877) 207-4900 or (305) 234-9292; TTY (877)206-0500, Monday through Friday, from 8:30a.m. to 5:30p.m.

### **Getting care from your PCP**

Generally, you see your PCP first for most of your routine health care needs. There are only a few types of covered services you can get on your own, without seeing your PCP first. Please see [Section 4](#) for the type of covered services you can get on your own that is without seeing your PCP first for a referral.

Your PCP can also help you arrange or coordinate your covered services. This includes x-rays, laboratory tests, therapies, specialists, hospital admissions, and follow-up care. Your PCP also contacts other plan providers for updates about your care and/or treatment. If you need certain types of covered services or supplies, your PCP must give approval ahead of time. Your PCP must give you a referral to see a specialist. In some cases, your PCP will need to get prior authorization (prior approval). Since your PCP will provide and coordinate your health care, you should have all of your past medical records sent to your new PCP’s office. The law requires us to protect your privacy of medical records and personal health information. For more information about privacy, see your Evidence of Coverage.

### **How to change your PCP**

You may change your PCP for any reason, at any time. To change your PCP, call Member Services at (305) 234-9292, Monday through Friday from 8:30am to 5:30pm. TTY users should call 877-207-4900. When you call, be sure to tell Member Services if you are seeing a specialist or getting other covered services that needed your PCP’s approval (such as home health services and durable medical equipment). Member Services will help make sure that you can continue with the specialty care and other services you have been getting when you change to a new PCP. They will check that the PCP you wish to switch to is accepting new patients. Member Services will change your membership record to show the name of your new PCP, and will tell you when the change to your new PCP will take effect.

**What if your doctor or provider leaves HealthSun Health Plans?**

Sometimes a doctor, specialist, clinic, or other plan provider you are using might leave the plan. If this happens, you will have to switch to another provider who is part of HealthSun Health Plans. If your PCP leaves HealthSun Health Plans, we will let you know, and help you switch to another PCP so that you can continue getting covered services.

### SECTION 3 – GETTING CARE FROM SPECIALISTS

When your PCP thinks that you need specialized treatment, he or she will give you a “referral” (approval ahead of time) to see a plan specialist. A **specialist** is a doctor who provides health care services for a specific disease or part of the body. Some examples of specialists are oncologists, who treat cancer; cardiologists, who treat heart conditions, and; orthopedists, who treat certain bone, joint, or muscle conditions. For some types of referrals to plan specialists, your PCP may need to get approval ahead of time from HealthSun Health Plans. This is called “prior authorization.”

It is very important to get a referral from your PCP before you see a plan specialist. However, you don’t need to get a referral for certain services, see [Section 4](#). **If you don’t have a referral before you get services from a specialist, you may have to pay for these services yourself.** If the specialist wants you to come back for follow-up visits, be sure to check the original referral to see if these were included.

**If you don’t have a referral before you get services from a specialist, you will have to pay more. You will have to pay the Original Medicare plan out-of-pocket costs (such as deductibles, co-payments, and coinsurance). You won’t have to pay these out-of-pocket costs if you get a referral from your PCP before you see a plan specialist.** However, there are certain times when you don’t need a referral (see [Section 4](#)). If the specialist wants you to come back for follow up visits, be sure to check the original referral to see if these were included.

Be sure to get a referral from your PCP before you see a plan specialist. In some cases, you don’t need a referral ahead of time (see [Section 4](#)). If the specialist wants you to come back for follow-up visits, be sure to check the original referral to see if these were included.

## SECTION 4 – SELF-REFERRALS

There are certain times when you may be able to get certain services without a referral from your PCP.

You will get most of your routine or basic care from your PCP. Your PCP can also coordinate your covered services. If you get services from any doctor, hospital, or other health care provider without getting a referral ahead of time from your PCP, you may have to pay for these services yourself. This also includes if you get these services from a provider in HealthSun Health Plans.

In some cases, you can get the services listed below without a referral or approval ahead of time from your PCP. “Self-referred” means you get services on your own.

If you get self-referred services, you still have to pay a co-payment. However, if you get a self-referred service from a plan provider, you will only have to pay the in-network co-payment. If you go to a non-plan provider for these services, you will have to pay more.

The following services may be self-referred:

- Routine women’s health care, which includes breast exams, mammograms (x-rays of the breast), pap tests, and pelvic exams. This care is covered without a referral from your PCP *only* if you get it from a plan provider.
- Flu shots and pneumonia vaccinations (only if you get them from a plan provider).
- Emergency services, whether you get these services from plan providers or non-plan providers, see [Section 6](#). The emergency services including hospital care after you are stable (known as post-stabilization) are also covered.
- Urgently needed care that you get from non-plan providers when you are temporarily outside the plan’s service area. For more information about urgently needed care, see [Section 6](#). For more information about the plan’s service area, see [Section 1](#).)
- Renal dialysis (kidney) services that you get when you are temporarily outside the plan’s service area. Please let us know before you leave the service area where you are going to be so we can help arrange for you to have maintenance dialysis while outside the service area.

## **SECTION 5 – WHAT IF YOU NEED MEDICAL CARE WHEN YOUR PCP’S OFFICE IS CLOSED?**

### **What to do if you have a medical emergency or urgent need for care and your PCP’s office is closed**

In an emergency, you can get care immediately. You do not have to contact your PCP to get prior authorization in an emergency. You can dial 911 for immediate help by phone, or go directly to the nearest emergency room, hospital, or urgent care center. For more information about emergency or urgent needed care, see [Section 6](#).

### **What to do if it is not a medical emergency and your PCP’s office is closed**

If you need to talk with your PCP or get medical care when the PCP office is closed, and it is *not* a medical emergency, call (305) 234-9292 or (877) 207-4900. TTY users may call (877)206-0500. There is always a health professional on call to help you.

For more information about what to do if you have an urgent need for care, see [Section 6](#).

## **SECTION 6 - GETTING CARE IF YOU HAVE A MEDICAL EMERGENCY OR AN URGENT NEED FOR CARE**

### **What is a medical emergency?**

A situation is a “medical emergency” if **you reasonably believe that your health is in serious danger**. It means that every second counts. Some examples of “medical emergencies” are severe pain, a bad injury, a serious illness, or a medical condition that is getting worse.

### **What should you do if you have a medical emergency?**

If you have a medical emergency:

- Get medical help as quickly as possible. Call 911 for help or go directly to the nearest emergency room. In any emergency, you never need to contact any plan provider, even you own PCP, for either permission (“authorization”) or referral.
- However, as soon as possible, you or someone else should contact HealthSun Health Plans about your emergency. Please contact HealthSun at (305) 234-9292 or (877) 207-4900. TTY users please call (877) 206-0500. HealthSun Health Plans needs to know about your emergency because we will provide follow-up care. Please try to contact HealthSun Health Plans about your emergency within 48 hours.

### **HealthSun Health Plans will help manage and follow-up on your emergency care**

It is important to know that every emergency has two stages.

When the doctors, or hospital, providing emergency care consider your condition stable, the first stage of the medical emergency ends. However, even after your condition is stabilized, you are still considered to be in an emergency situation and HealthSun Health Plans must still pay for post-stabilization treatment provided by the hospital (whether or not this hospital is a plan provider or not). This second stage of the emergency, after your condition is stabilized is call “post-stabilization.”

Generally, the hospital, or doctors, providing emergency care will try to talk to HealthSun Health Plans. This helps the plan to arrange for plan providers to take over your care as soon as your condition and circumstances get better. Once HealthSun Health Plans takes over your care or agree with the attending hospital on an appropriate course of action (or once you are discharged if you are fully recovered), you are no longer in an emergency or post-stabilization situation.

Although you are past the emergency and post-stabilization, you may still need follow-up care. However, HealthSun Health Plans is responsible for your follow-up care. HealthSun Health Plans will only pay for follow-up care after your emergency and post-stabilization if you follow the plan rules. You will need to use plan providers to get authorization, and/or referrals.

### **What is covered if you have a medical emergency?**

- You can get covered emergency medical care whenever you need it, anywhere in the world.
- Ambulance services are covered in situations where other means of transportation in the United States would endanger your health.

### **What if it wasn't really a medical emergency?**

To have HealthSun Health Plans pay for your emergency care, you do not have to be certain that it is an emergency. For example, you might go in for emergency care—thinking that your health is in serious danger—but the doctor may disagree and not consider this a medical emergency. If this happens, you are still covered for the diagnostic treatment and care you received to determine what was wrong, provided that you thought your health was in serious danger, as explained in the section “What is a ‘medical emergency’” above. However, please note that:

- If you get any extra care after the doctor says it was not a medical emergency, HealthSun Health Plans will only pay for the extra covered care **if you got this care from a plan provider**.
- If you get any extra care from a **non-plan provider** after the doctor says it was not a medical emergency, HealthSun Health Plans must still pay for it as “urgently needed care” even though you got this care “outside your service area.” Please read below how “urgently needed care” is defined.
- However, if you get any extra care from a non-plan provider that is not an emergency or “urgently needed care,” then you must pay for this care yourself. The plan won't pay for this type of care.

### **What is “urgently needed care”? (This is different from a medical emergency.)**

Urgently needed care refers to a non-emergency situation where you are temporarily absent from the Plan's authorized service area, you need medical attention right away for an unforeseen illness, injury, or condition, and it isn't reasonable given the situation for you to obtain medical care through the Medicare Advantage Plan's participating provider network. **Note:** Under unusual and extraordinary circumstances, care may be considered urgently needed when the member is in the service area, but the provider network of the Plan is temporarily unavailable or inaccessible.

### **What is the difference between a “medical emergency” and “urgently needed care”?**

The two main differences between urgently needed care and a medical emergency are in the danger to your health and your location. A “medical emergency” occurs when you reasonably believe that your health is in serious danger, whether you are in or outside of the service area. “Urgently needed care” is when you need medical help for an unforeseen illness, injury, or condition, but your health is not in serious danger and you are generally outside of the service area.

### **Getting care that you need urgently when you are in the plan's service area**

If you have a sudden illness or injury that is not a medical emergency, and you are in the plan's service area, please call your PCP or please contact HealthSun at (305) 234-9292 or (877) 207-4900. TTY users please call (877) 206-0500. There will always be a health professional on call to help you. Keep in mind that if you have an urgent need for care while you are in the plan's service area, you should get this care from your plan providers. In most cases we will not pay for urgently needed care that you get from a non-plan provider while you are in the plan's service area.

**Getting urgently needed care when you are outside the plan’s service area**

HealthSun Health Plans covers urgently needed care that you get from non-plan providers when you are outside the plan’s service area. If you need urgent care while you are outside the plan’s service area, you should call your PCP or contact HealthSun at (305) 234-9292 or (877) 207-4900. TTY users please call (877) 206-0500. If you are treated for an urgent care condition while out of the service area, we prefer that you return to the service area to get follow-up care through your PCP. However, we will cover follow-up care that you get from non-plan providers outside the plan’s service area as long as the care you are getting still meets the “urgently needed care” definition.

**We also cover renal dialysis (kidney) services that you get when you are outside the plan’s service area.**
